

Y-12 Again Gets Safety Council Award Of Honor

Plaque Is Third For Plant; Tribute Paid For 22nd UCC Period

The National Safety Council's Award of Honor—the highest citation presented by the organization—again has been received by the Y-12 Plant. The latest plaque presented Y-12 is for the record-breaking Union Carbide Corporation Safety Period of 5,394,077 hours of plant operations without a disabling injury.

Other Awards In 1953, 1957

The current Award of Honor plaque is the third given the Y-12 Plant by the National Safety Council. The first came back in 1953 for the ninth UCC Safety Period of more than 1,500,000 hours of operations with no lost-time injuries and the second was for the 21st Safety Period in 1957.

On both of these previous occasions the Y-12 Plant posted more than 3,000,000 hours of accident-free operations. The ninth Period extended from July 30, 1953, through November 19, 1953, when 3,126,787 hours of plant operations passed without a disabling injury. The 21st Period covered 3,132,039 hours from June 13 through September 25, 1957. Then on December 17, 1957, the record-setting 22nd Period began, to last through June 3, 1958.

Other Honors Bestowed

These safe operating periods also have been recognized by the Atomic Energy Commission and the Joseph A. Holmes Safety Association. The AEC has awarded the Y-12 Plant two of its Awards of Honor and the Holmes organization presented its Certificate of Honor on two occasions. The Holmes certificates are from the United States Bureau of Mines and are for outstanding safety performances in the minerals industry—not only for long accident-free periods but also for length of time with no fatal accidents.

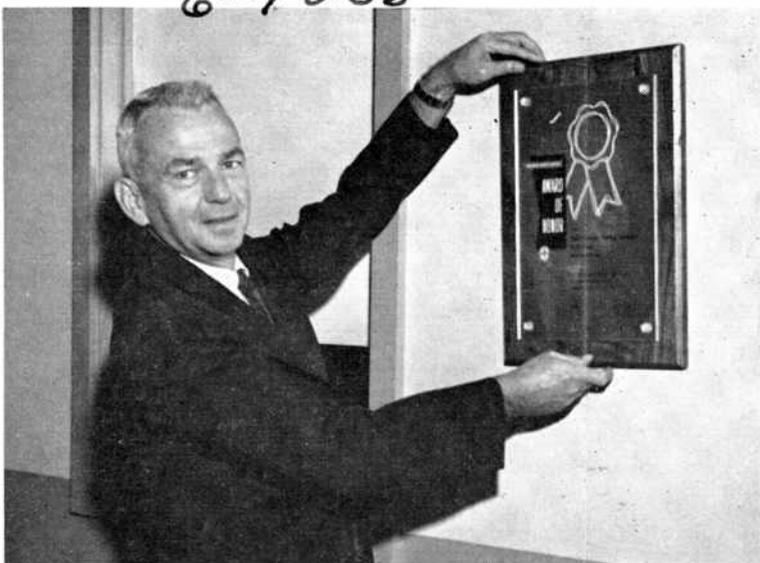

These awards are all highly coveted and appreciated by the Y-12 Plant and with another long safety string apparently underway—it is the hope of every employee that it may be maintained indefinitely—with the objective now being to reach and exceed the 10,000,000-hour mark without a disabling injury.

This goal—or even more—can be attained by continued cooperation of every Union Carbide Nuclear Company employee in the Y-12 Plant Area in observance of safety rules and regulations on every job.

That type of cooperation can keep the green lights of safety at each Y-12 portal flashing for a long time.

Summer Visitor To Talk At Seminar Meet Friday

John H. Wise, a summer visitor from Washington and Lee University, will speak at the Oak Ridge National Laboratory Physics Division seminar set for 3:15 o'clock Friday afternoon, September 5. The meeting will be in the auditorium of Bldg. 4500, ORNL. The discussion subject will be "Interferometry and Isotopic Assay." Y-12ers interested in the topic are invited to attend.

Y-12 PLANT SUPERINTENDENT JOHN P. MURRAY SMILES happily as he places the highly-desired National Safety Council Award of Honor plaque on his office wall. It is the third awarded the Y-12 Plant—this one being for the record-breaking 22nd Union Carbide Safety Period.

Communism Presents Greatest Threat To U.S. Security, House Committee Report Reveals

Every American Citizen Should Recognize Danger To Nation And Combat Red Movement

According to the Committee on Un-American Activities of the United States House of Representatives, Communism—the Soviet Union—presents the greatest threat to the security of the U.S.A. and its principles, as well as to those nations not yet under Soviet domination.

According to this committee, Communism today is a world force governing millions of the human race and threatening to govern all of it. Every citizen of the U.S.A. owes himself and his family the truth about Communism.

It is believed that the following excerpts from a report on Communism by the House Committee on Un-American Activities will be of interest to Y-12 employees and will help them recognize Communism for what it is and what it is doing in the U. S. A.

Identification Is Easy

The committee report points out that a person who is a Communist or a "fellow traveler" may be identified as such if a simple test is applied. Just ask him to name 10 things wrong with the U. S. A. and then ask him to name two things wrong with Russia. His answers will show him up. Communists will denounce the President of the U. S. A. but will never denounce the head of the Soviet Union.

The report states that Communism is a system by which one small group seeks to rule the

world. Communists are organized primarily around something they call a political party, behind which they operate a carefully trained force of spies, revolutionaries and conspirators. No nation has ever voted on Communism in a free election. The basic fact to remember is that Communism is a world revolutionary movement and Communists are trained, disciplined agents, operating under a plan of war.

Party Set-Up Described

At the bottom level of the Communist Party set-up are "shop and street units" composed of three or more Communists in a single factory, office or neighborhood. Next is the section which includes all units in a given area of a city. Then come districts composed of one or more states. At the top is the national organization composed of one or more states. At the top is the national organization.

Fall Quarter Enrollment Near For UT Evening, Graduate Classes

Pre-Registration Period Offered Carbide Employees For Night Courses Of University

School bells already have rung for youngsters of Y-12ers—and soon they will be peeling for their elders who will enroll in University of Tennessee undergraduate and graduate classes, Oak Ridge Adult Education Program courses and in some correspondence schools. These Y-12ers will be furthering their earlier education—most of them taking advantage of the Union Carbide Education Assistance Program that offers financial aid for courses that will enable the employees to improve their present job status or to qualify for better jobs with the Company.

Special Registration Sept. 16, 17, 18

The University of Tennessee has set up a special pre-registration period for UCNC employees wanting to take advantage of the university's Evening School undergraduate classes in Oak Ridge and Knoxville. This period will be September 16, 17 and 18 from 6:30 p.m. to 9 p.m. at the Oak Ridge High School. Y-12ers wishing to enroll in these courses also may register during the regular enrollment period September 25, 26 and 27 at Room 116, ORHS.

The Oak Ridge office of the UT Evening School is located at the ORHS address, phone 5-2851, where prospective pupils may obtain complete information about courses offered and other data. C. W. Hartsell is in charge of the Oak Ridge office.

The fall quarter classes of the UT Evening School will begin Monday, September 29, and end Friday, December 12. The Evening School operates under the Division of University Extension.

Graduate Registration Sept. 22

Registration for the Oak Ridge Resident Graduate Program of the University of Tennessee will be held Monday, September 22, from 6 p.m. to 9 p.m. at the Oak Ridge Institute of Nuclear Studies Training Building. Graduate classes will begin Thursday, September 25, and end Wednesday, December 10 with examinations closing Wednesday, December 17 and grade reports due on the same day.

The Oak Ridge Adult Education Program list of courses for the fall quarter had not been announced

up to late last week, but is expected to include the usual vocational and other subjects.

In addition to the Evening School undergraduate courses and the Graduate School advanced classes, the University of Tennessee also is offering through its Division of University Extension a Certificate Program. This instruction is geared to the practical requirements in the fields of labor-management relations, supervision and production technology, industrial engineering and management, advanced accounting, basic accounting, industrial traffic management, motor, air and rail transportation and real estate.

Supervision Approval Needed

To be eligible for benefits under the UCNC Educational Assistance Program, Y-12ers must be salaried employees with at least six months of Company Service. Approval for taking the courses eligible for aid under the Program must be obtained from departmental and divisional supervision and also from the Y-12 Plant Superintendent. Ralph Pearson, of the Training Department, is coordinator for the

SEASONAL DISHES PLANNED ON SPECIALS

With autumn in the air, tasty dishes suited to the season will be served on the 50-cent Special Lunches at the Y-12 Cafeteria Thursday, September 4, and next Tuesday, September 9. The main dish for tomorrow will be meat loaf with creole sauce and next Tuesday chipped beef on toast will be served. Each Special Lunch also includes one vegetable, choice of salad or dessert and rolls and butter.

Y-12 Dads Proud Of Sons Serving At Naval Stations

Tom Redmon Dan Lambert

A pair of Y-12 fathers are mighty proud of their seafaring sons, both now serving in the United States Navy. The dads are D. C. Lambert, of Process Maintenance; and P. H. Redmon, of Stores.

Lambert's son, Dan, 17, left Oak Ridge last month for San Diego, Cal., where he will be stationed at the Naval Air Station. The Lamberts live at 104 Victoria Road.

Thomas L. Redmon's parents live at Wartburg and Tom joined up with the Navy in March, 1957, after attending Tennessee Polytechnic Institute at Cookeville. He received his initial training at San Diego, later being transferred to Norman, Okla., for a six-week technical training course in clerical work, completing the course with good marks.

Last month he was assigned to the Naval Air Technical Training School at the Pensacola, Fla., Naval Air Station for three months of training.

Tommy has an older brother, S. M. Redmon, who has been in the Navy for 11 years. He has just recently returned from Germany and now is stationed at Newport, R. I.

Get well wishes are extended the following Y-12 employees who were patients last week at the Oak Ridge Hospital:

J. T. Adkins, E. H. Taylor and B. E. Burdette, Process Maintenance; R. F. Graham and J. F. Ray, General Machine Shop; A. T. Bradford, Sunflower Shop; F. A. Wells, Product Processing; H. H. Reno and E. L. Hill, Buildings and Grounds; E. W. Koons and J. W. Jacobs, Mechanical Maintenance; C. F. Charpie, Tool Grinding and Machine Maintenance; H. C. Mc-Birney, Superintendents.

T. E. Lane To Be Speaker At Dinner Meet Of AIEE

T. E. Lane, General Superintendent of Industrial Relations for Union Carbide Nuclear Company, will speak at a meeting of the Oak Ridge Section of the American Institute of Electrical Engineers on Thursday night, September 11. The occasion will be a dinner meeting at 7 o'clock at the Alexander Hotel. Mr. Lane will speak on "Engineers In Management," and his address, to be given about 8 p.m., is open to the public.

Mr. and Mrs. Gerald J. Bryant

BRYANT—HARDY

Following their marriage in Clinton, Tenn., August 11, Mr. and Mrs. Gerald James Bryant now are at home in Biloxi, Miss.

The bride is the former Miss Linda Lou Hardy, daughter of Roy Hardy, of the Y-12 Production Inspection Department, and Mrs. Hardy, of 106 Wilson Road, Clinton. Parents of the groom are Mr. and Mrs. Samuel Lee Bryant, of 111 Arkansas Ave., Oak Ridge. The groom's father formerly was with the Y-12 Buildings and Grounds Department until his retirement in September, 1956.

The wedding was solemnized at the home of the bride's parents. The Rev. George Williams, pastor of the Second Baptist Church of Clinton, officiated.

Given in marriage by her father, the bride wore a ballerina-length dress of Chantilly lace with a fitted bodice. A tiara of seed pearls held her fingertip veil of illusion. She carried white roses on a white Bible.

Miss Geraldine Bryant, of Production Control and twin sister of the groom, was maid of honor. Her blue-green dress also was of ballerina length and she carried a bouquet of pink carnations.

Bernard Jesse, of Atlanta, was best man.

Following the ceremony a reception was held at the home of the bride. Serving were Mrs. Gerald Lankford, sister of the groom; Mrs. William Hembree and Miss Norma Graves.

The bride graduated from Oak Ridge High School in 1956 and the groom graduated from ORHS the following year. He was co-captain of the 1956 ORHS football team. He later attended the Ryan Airline Training School and presently is serving in the United States Air Force as an Airman, Third Class, in Biloxi.

Dim lights on approaching other automobiles from front or behind.

A boon Y-12 companion of one of the plant's delegation to that Geneva conference — the Colyum pledged not to reveal the identity of either—post-carded back that one of the first sights sighted on an Alp was—

"See Rock City—"
Well, here goes the pre-holiday (as this is written) chatter about goings-on around the premises.

FINANCE AND MATERIALS

Janice Hildebrand, Plant Records, is dunking at Daytona Beach. O. C. Hartman and E. Duncan, Mail Room, are resting at their homes between taking pot shots at the squirrel population.

Dorothy Tompkins, Materials, is resting at home in Oak Ridge.

Benjamin Franklin Hope, Property Sales, who retired last week, is visiting a daughter in Indiana before taking up permanent residence in West Palm Beach, Fla.

SS Control folks invite one and all to drop around to hear a big fish story when Katie Williams tells about that big sauger she caught down Kingston way recently. . . . Asa Tarwater picked St. Petersburg, Fla., for his vacation spot. . . . Madeline Franklin went over to Nawth Carolina. . . . Joe Beever rested in the Smokies. . . . Walt Hoose and Mrs. H. investigated the sights in central New York State. . . . Bertha Crowder stayed at home in Oak Ridge. . . . Frank Carringer spent the Labor Day holiday in Pensacola, Fla. . . . FLASH—Al K. Bissell, Town Council chairman for Oak Ridge who votes early and often, and Mrs. Bissell became proud parents of a son on August 26—no further details at press time, for which Al's public is waiting breathlessly.

Quality Control folks also are congratulating new parents — Pearl Youngblood's daughter arriving August 9. Pearl and husband, Joe, of Health Physics, named the little girl Linda Louise. . . . Eric Johnson visited relatives in the Mid-West while vacationing. . . . Pat Reavis just did nothing in Knoxville.

Jim Anderson, Tabulation Service, and family spent a couple of weeks sight-seeing in Texas. . . . Carol Puckett enjoyed a week at home on Ball Camp Pike. . . . Rodney Van Gruenigen was up in Kentucky. . . . Nan Spalding stayed at home in Maryville. . . . Donna Matlock and Lloyd Wyatt took life easy at their Oak Ridge residences. . . . Regina Camp was a recent visitor to Sweetwater Beach.

MAINTENANCE

E. K. DeLong, Research Services, is vacationing for a week at Ridgecrest, N. C. . . . J. G. Harris is visiting his mother in Spartanburg, S. C. . . . J. R. Owenby is seeing sights and visiting kin folks in Washington, D. C. . . . W. M. Boatman is staying at home in Oak Ridge. . . . L. A. Slover is visiting his parents in Illinois. . . . More stay-at-homers are J. J. Cavosie and G. A. Lundquist. . . . A couple of the boys are painting their houses—E. D. Seagle and V. W. Arms. . . . Get well wishes are extended to the wife of Paul Schultz, ill in a hospital.

Judy Alspaugh, Maintenance Planning, is leaving to return to Valparaiso (Ind.) University. . . . Dick Greene also is leaving to return to the University of Alabama—he plans to get married September 6 and will take his bride with him. . . . Bill Gordon now is a full-fledged Oak Ridger—having moved to the Atomic City last week. . . . Joyce Williamson

Continued on Page 4

MECHANICAL OPERATIONS

Bill Rowland, Z Area, went square dancing in Kingsport last Friday night and then spent the week end in West Virginia. . . . C. E. Tilley is vacationing in Virginia. . . . R. L. Crumley went to St. Louis. . . . D. G. Kiser and W. F. Miller are squirrel hunting.

Tool Grinding and Machine Maintenance warmly welcomed newcomers L. D. Johns and J. E. Churchman last week. . . . C. M. Lane is welcomed back after a long illness. . . . Best get well wishes go to the daughter of B. W.

West, she has had a bad cold and her tonsils removed. . . . J. E. Bledsoe is winding up his three weeks in Daytona Beach this week. . . . H. L. Ashburn is spending a week in Detroit. . . . Good luck wishes go to G. D. Butters, recently transferred to the Beta Four Heavy Machine Shop. . . . Rapid recovery wishes go to C. D. Painter, D. E. Littleton and C. F. Charpie.

The Alloy Shop welcomes Marvin McGill back from a spell of sickness. . . . Then get well wishes are issued to D. L. Freels. . . . Kirby Duke and his wife, Eleanor, of Product Processing, are scooting around Birmingham and Mobile, Ala., and Panama City, Fla. . . . Roy Monger, the Colyum's representative, is back from a week at home in Knoxville.

General Machine Shop hopes Russ Allstun recovers from his dental troubles soon enough to enjoy an upcoming vacation—probably to rest up. . . . Get well wishes also are extended ailing Frank Yodzukinas in St. Mary's Hospital in Knoxville and likewise to Louis Watson and Wiley Ingle. . . . Greeley Kirk is spending a couple of weeks in Miami. . . . O. T. McDaniel is visiting kin folks in Atlanta this week. . . . Home folks vacationers include A. D. Hoose at Crossville, C. C. Hickey at Knoxville and R. C. Winfree still working on his new home at Harri-man. . . . Joe Donahue is back from a week's visit to the Smokies.

SHIFT SUPERINTENDENTS AND GENERAL UTILITIES

By this time Ada Hopkins and her husband, Clyde, of the Mechanical Operations Division, should be in Denver, Col., vacationing. . . . Relief Shift Supt. Dave Harrigan is holing up at home in Oak Ridge. . . . B Shift Boss Finley Creigh made a quick trip to Louisville, Ky.

Jake Burchfield, Steam Plant, is taking it easy at home in Knoxville with some fishing on the side at Douglas Lake.

Miss Mildred White

WHITE—JUDISH

Miss Mildred White, of the Y-12 Maintenance Planning Department; and John Paul Judish, of the Oak Ridge National Laboratory, have selected Sunday, September 28, as their wedding date. The engagement was announced by parents of the bride-elect.

The ceremony will be performed at 3 p.m. in the Methodist Church at Dowelltown, Tenn.

The bride-elect is the daughter of Mr. and Mrs. Robert J. White, of Dowelltown. Parents of the groom-to-be are Mr. and Mrs. John Judish, of Canonsburg, Pa.

Miss White attended Tennessee Polytechnic Institute at Cookeville and Judish is a graduate of the University of Pittsburgh.

Car pool member wanted from Fountain City to Central or North Portal, straight day. Austin M. Read, plant phone 7741, home phone Knoxville, MY 1-4262.

Ride wanted or will join car pool from 307 Nave St., Clinton, to West Portal, straight day. Hugh Caudill, plant phone 7466, home phone Clinton, 929-W.

Ride wanted from West Outer Drive and Wade Lane area, Oak Ridge, to North Portal, straight day. Jane Marks, plant phone 7528, home phone Oak Ridge, 5-9922.

Want to join car pool from North Seneca Road, Oak Ridge, to North Portal, straight day. L. L. Brown, plant phone 7317, home phone Oak Ridge, 5-5570.

Ride wanted from 150 Lawton Road, Oak Ridge, to East Portal, straight day. Sue Tate, plant phone 7-8347, home phone Oak Ridge, 5-3941.

Want to join car pool from vicinity New York Ave. and Outer Drive, Oak Ridge, to Central Portal, straight day. Arthur Shor, plant phone 7-8535, home phone Oak Ridge, 5-6145.

250 B Shifters Have Fun At Concord Wiener Roast

Around 250 Y-12ers on the D Shift attended a wiener roast last week at Concord Park to enjoy good food, bingo and other games and water sports. Miss Susan Porter, daughter of Steve Porter, D Shift Superintendent, won a set of boat seats in a drawing. Dick Hawk, of Research Services and a D Shift guest, won a frying pan and Bill Garland, of Production Assay, was awarded a gasoline stove. Other guests at the affair were Relief Shift Superintendent H. N. Benninghoff and family; Glen Mowery, Alloy Division, and family; and L. A. Litton, of the Guard Department, and family.

Meet The Press . . . The Bulletin Reporters

SOME OF THE FINANCE AND MATERIALS DIVISION REPORTERS FOR THE BULLETIN are shown above. From left are Vi Miller, Finance and Materials Administration; Shirley Murray, Reproduction; Traffic and Cashier and Travel; Maola Connor, Stores; and Sarah Fry, Property Sales.

ALL-CARBIDE TEE PARTY OPENS NEXT WEEK

Ridge Golf Loop Leaders Beaten By Trailing Pairs

Race Is Wide Open With Three Weeks Remaining To Play

Only one of the four leading teams in the Y-12 Golf League at Oak Ridge could post wins last week. So with only three more weeks of play remaining the race still is wide open with several teams standing a chance for the championship.

True-Kennedy Take Second

The True-Kennedy duo hopped into second place in the standings last week by blanking McLendon-Mee, one-time loop leaders, for six points. Meanwhile, Holzknicht-Peckman held onto the league lead by a bare one-point margin as they were defeated by Wallace-Patterson for four. Anderson-Nichols got a similar win over Gambill-Hamby and the 1957 champions, Emler-Hines, lost a golden chance to advance by taking a whitewash loss at the hands of Davis-Arrowood.

In other matches Boyd-Oliphant beat Pletz - Roberts, Dehoney - Buckminster topped Underwood-Shatley while Taylor - Lockhart trimmed Speas-Cabe, each by six points. Five-point wins were registered by Orrison-Thomson over Youngblood - Gilcrease, Bartholomew - Smith over Whitehorn - Brown, Ratjen-Snyder over Kahley - Evans and Hopkins - Belvin over Oxford-Collins. Stroud-Tiller defeated Mitchell-Tibbatts by four.

Hines' 40 Is Low

Art Hines scored 40 for low scratch score of the day and H. E. Buckminster posted 44 for best handicap score.

League standing follows:

Team	Points Won
Holzknicht-Peckman	76
True-Kennedy	75
Gambill-Hamby	74
Emler-Hines	70
Boyd-Oliphant	70
Orrison-Thomson	68
McLendon-Mee	67
Anderson-Nichols	66
Dehoney-Buckminster	66
Kahley-Evans	65
Underwood-Shatley	63
Bartholomew-Smith	63
Stroud-Tiller	62
Speas-Cabe	61
Ratjen-Snyder	60
Davis-Arrowood	58
Wallace-Patterson	52
Oxford-Collins	50
Whitehorn-Brown	49
Mitchell-Tibbatts	49
Pletz-Roberts	48
Hopkins-Belvin	48
Taylor-Lockhart	41
Youngblood-Gilcrease	39

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 and 10 years of Company Service within the next few days:

15 YEARS

John D. Hatmaker, Process Maintenance, September 3.
Carl W. Kidd, Stores, September 8.

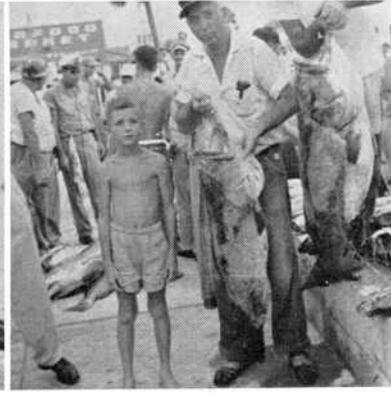

Jess M. Patterson, Health Physics, September 8.
Eugene Clowers, Utilities, September 9.

10 YEARS

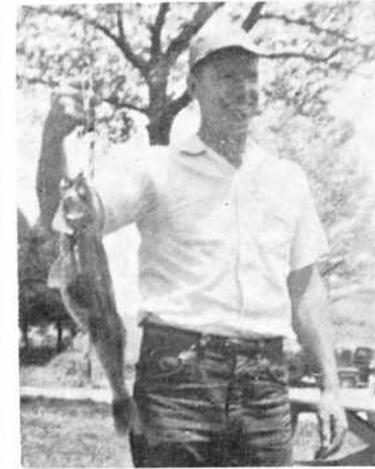

Robert R. Duff, Colex Auxiliary Operations, September 3.
William A. Nichols, Sr., Property Sales, September 7.

HAYNES LABORATORY OPENS

The new corrosion laboratory of the Haynes Stellite Company has been placed in operation at Kokomo, Ind. The new laboratory will enable the company to more accurately select alloys best suited to customers' needs.

ALLOY SHOP ANGLERS HAD A BIG TIME RECENTLY IN PANAMA CITY, FLA., landing some big fish from the Gulf of Mexico. At left A. R. Brown's camera caught E. W. Forbes reeling in a big one, with help of a deckhand. Forbes is shown in the center picture with a 42-pound grouper while at the right is a 46-pound grouper landed by Charlie Spradlin. The picture at right shows Forbes and Spradlin looking over the catch by the Y-12ers and swapping yarns.

THIS ONCE-SASSY SAUGER is a sad sack now—he succumbed to a yellow shiner lure on the end of a fishing line, on the other end of which was E. J. Delaney, of Forming. The fish is a strong contender for top honors in the specie in the Annual Y-12 Fishing Tournament.

Teams Deadlocked In Pistol League

After shooting matches of August 14 and August 20, the Sharpshooters and Marksmen were deadlocked at the head of the Y-12 Pistol League standings with the Experts just one point back.

In the August 14 gunplay the Experts and Marksmen split even, the Experts taking handicap honors 287.152 to 286.276 and the Marksmen posting a 256 to 243 scratch margin. The Sharpshooters and Masters also divided, the Sharpshooters getting a 290.295 to 289.084 handicap decision and the Masters grabbing scratch honors by 265 to 224. Dave Alford had the best individual scratch score of 265 and K. E. Smith led the handicap scorers with 290.295.

The Marksmen trimmed the Masters in both scratch and handicap tallying on August 20 when the Masters could not muster a team. Shooting for record the Marksmen posted a 279 scratch and 293.450 handicap score. The Sharpshooters fired a twin win over the Experts by 267 to 248 scratch and 291.503 to 288.113 handicap. The Marksmen's score was posted by T. J. Buch and was the highest in both scratch and handicap for the entire season.

League standing follows:

Team	W	L
Sharpshooters	13	9
Marksmen	13	9
Experts	12	10
Masters	6	16

Five Y-12 Bowling Loops Open Week Of September 15

Bush League Latest Circuit To Organize; Openings For Teams In All Groups Remain

Five Y-12 bowling leagues will swing into action during the week of September 15 at the handsome new Ark Bowling Lanes at Downton Oak Ridge. The big upswing in interest in the sport has not only resulted in the addition of one complete league, but increased team membership in the circuits.

The first loop to see action will be the C League at 5:45 p.m., Monday, September 15. This league has nine teams and can use three more. Shift teams will be accepted in the loop.

The newest circuit in the plant is the Bush League with eight teams on the roster. This league is composed of straight day shift teams and has openings for four more. The Bush League will launch activities at 8 o'clock Monday night, September 15.

The Mixed League of men and women bowlers will start action at 8 o'clock Wednesday night, September 17. The circuit now has seven teams ready to go and has room for one or three more groups.

The Evening League, which bowled last year in Knoxville, will roll into action at noon on Thursday, September 18. Six teams already have been enrolled and two more can be accommodated.

The Classic League of 16 teams, with membership closed, gets underway at 5:45 o'clock Thursday afternoon, September 18.

Efforts are underway to form a women's league and any Y-12 feminine keglers interested in the plan are urged to communicate at once with the Recreation Department, Room 226, Bldg. 9704-2, plant phone 7751.

Hawks, Par Busters Tied At Harriman

After a series of delays from various reasons, the long-awaited playoff for the championship of the Harriman Golf League for Union Carbide Nuclear Company players in that vicinity finally was played—to an absolute deadlock, and the contestants decided to call it a season with the tie.

The Hawks, composed of Ed Ellis, of Y-12; and Jim Anglin, Oak Ridge National Laboratory; won the first half of the season title. In the second half the Par Busters with Bill Hamill, Y-12; and Hobe Thomas, ORNL and a former Y-12er; took the honors.

In the playoff of 18 holes scored both in match and medal play, the Par Busters scored two points in match play and the Hawks scored two in medal play.

The final standings for the second half of the season follow:

Team	W	L
Par Busters	19 1/2	8 1/2
Grass Cutters	17	11
Hookers	13 1/2	14 1/2
Slicers	13	15
Hawks	8 1/2	19 1/2
Sod Busters	6 1/2	21 1/2
Duffs	6	22

Ernie Collins Hurls No-Hitter As Kids Blank ORNL Team

With Ernie Collins, once one of the most effective softball hurlers in the state, showing the form displayed when he twirled for the famed Peerless Mills team of Chattanooga, the Y-12 Plant Softball League Whiz Kids opened the All-Carbide Softball Tournament with an impressive 8 to 0 win over the Chem-Tech. team of Oak Ridge National Laboratory last Thursday night. All Ernie did was to pitch a no-hitter at the Labsters and fan 20 of them.

Ernie's "big brother" battery mate, J. D. Collins, led the Whiz Kids' attack with a long homer out of Midtown Park No. 1, scene of the tournament opener. He also banged a triple. Murrin had three for five for the winners.

The victory made the Whiz Kids one of the tournament favorites, along with the Reactors, Y-12 league winners. Other Y-12 teams competing in the 13-team field are the Early Birds and Engineers.

Line score follows:

Team	R	H	E
Whiz Kids	410	012	0-8 11 0
Chem. Tech.	000	000	0-0 0 4

Batteries: Whiz Kids, E. Collins and J. D. Collins. Chem. Tech., Wright and Oliver.

Spradlin-Knott Win At Lenoir City

The Spradlin-Knott team won the second half of the season crown in the Lenoir City Golf League for Y-12ers, getting a forfeit from Stinnett-Ware in the last match of the season. Kinkaid-Hicks, first half winners, will meet the second half titlists in a playoff for the seasonal championship.

In other final activities in the league only two other matches were reported, Henck and Clabough turning in a three-point whitewash over the Kinkaid-Hicks duo and Harris-Hardy getting an even split of one and one-half points from M. F. and J. Gilliam.

Final second half of the season standings follow:

Team	W	L
Spradlin-Knott	24	3
Kinkaid-Hicks	19 1/2	7 1/2
J. Gilliam-M. F. Gilliam	16	11
Henck-Clabough	15 1/2	11 1/2
Thompson-Rogers	15	12
Harris-Hardy	14 1/2	12 1/2
Collins-Watson	10	17
Stinnett-Ware	9 1/2	17 1/2
Clause-Houston	8	19
Lawless-Webster	0	27

Match Play Event Finals Are Slated By September 24

Y-12er Carl Dorr Is Defending Champ; Big Entry List Seen

With the entry lists closing this week, Union Carbide Nuclear Company golfers from Y-12, Oak Ridge National Laboratory and Gaseous Diffusion Plant will spend most of next month pasting pellets around golf links in the annual All-Carbide Golf Tournament. Most of the competition is expected to be at the Oak Ridge Golf and Country Club but contestants may play on any course provided there is a mutual agreement on the site.

Carl Dorr, of Y-12, is the defending All-Carbide champion and is expected to be a strong favorite to repeat this year. However, he will meet strong competition in the championship flight of 16 players.

11 Other Y-12ers Won Titles

In addition to Dorr, 11 other Y-12ers won flight titles last year out of 20 flights and most of them will be back in action this season.

Y-12 flight winners in 1957 were:

Third, Newt Hamby; Fourth, Bob Orrison; Seventh, C. C. Morgan; Ninth, J. M. Patterson; 10th, R. E. Plemons; 14th, Sewell Brown; 15th, J. D. Hall; 16th, Rudy Pletz; 17th, Bill Ebert; 18th, George Evans; 19th, O. E. Gilcrease.

First round play of the all match play tournament will start next week and must be completed not later than Sunday, September 14; second round matches by Sunday, September 21 and finals by Sunday, September 24.

160 Played Last Year

In the 1957 event, a total of 160 golfers competed with 74 of them being from Y-12. Early indications this year point to the entry list being even larger than last year.

In addition to the 16-player championship flight, other flights will have eight players each, placement being based on handicaps as of September 3. Winners in each flight will receive a prize of one dozen golf balls or other golf equipment of equal value.

B Shift Rodeo Set September 17

B Shift anglers of Y-12 will stage another fishing rodeo on Wednesday, September 17. The event will be held at the Blue Springs Boat Dock on Watts Bar Lake and a 25-cent donation charge will be made for entrance. The rodeo will get underway at 12:01 a.m. and continue until 5 p.m.

Prizes will be awarded the fishermen landing the biggest bass, crappie, rough fish or stripers entered in the rodeo. A door prize of a charcoal grill also will be awarded.

Judging Of Rodeo Set For Wednesday

That plantwide fishing rodeo for all Y-12 anglers that has been going on since June 14 officially closed at midnight on Monday night of this week, September 1. All entries for the event were to be in the hands of the Recreation Department by Wednesday of this week, when the returns will be canvassed by judges.

First and second place winners in each of the specie of fish eligible in the rodeo will receive handsome prizes.

Communism Presents Greatest Threat To U.S. Security, House Committee Report Reveals

Continued from Page 1
tion composed of a national committee and a number of commissions.

The emblem of the Communist Party in the U. S. A. and everywhere else in the world is the hammer and sickle of Russia. Their flag is the red flag of Russia. Communist Party members, according to the sworn testimony of the party head in the U. S. A., do not pledge allegiance to the flag of the U. S. A. All Communists are secret members until authorized by the party to reveal their connection. Membership records are kept in code and a member has both his own name and a party name. Meetings are held in secret at a secret address. Dues are adjusted according to income. In addition to dues, special assessments are made.

The report defines a "fellow traveler" as one who sympathizes with the party's aims and serves the party's purposes in one or more respects without actually holding a party card. The "fellow traveler" is vital to the Communist movement. He is the hook with which the party reaches out for funds and respectability and the wedge that it drives between people who try to move against it.

"Fellow travelers" are often found in Communist Front Organizations. A Communist Front Organization is described as one created or captured by the Communists to do the party's work in special fields. The front organization is Communism's greatest weapon in the U. S. A. and takes it places it could never go otherwise — among people who would never willingly act as party agents. The front is usually found hiding among groups devoted to idealistic activities such as:

- American Committee for Protection of Foreign Born.
- American Youth for Democracy.
- Civil Rights Congress.
- Congress of American Women.
- People's Institute of Applied Religion.
- League of American Writers.

Changed Name Seven Times

The Communist Party in the U. S. A. has changed its name seven times since 1919. The purpose for these name changes has been to evade the law of the U. S. A. and to serve Moscow. The Communist Party is not a political party such as the Democrats and Republicans, because they take their orders from Moscow. They are all agents of a foreign power. In everyday American life, Communists may be found in the schools, labor unions, churches, civic clubs, fraternal orders and "on almost any conceivable battlefield for the human mind."

The best way to combat Communism in the U. S. A. is by detection, exposure and prosecution. Millions of dollars have been spent by the FBI, Army and Navy intelligence and other executive agencies to detect and keep track of Communists since the party's organization in the U. S. A. over a generation ago. Communists in the U. S. A. are being prosecuted for violation of such laws as those governing passports, immigration, perjury, criminal syndicalism, contempt, conspiring to overthrow the

U. S. government by force and violence and under the provisions of the Mundt-Nixon bill, passed May 13, 1948. Other laws against Communists have since been passed.

Each loyal citizen of the U. S. A. should know the facts about Communism. Stay on the alert. Work as hard against Communists as they work against you.

11 Union Carbide Directors Reelected By Stockholders

With around 1,200 persons attending the annual stockholders meeting of Union Carbide Corporation this spring in New York, 11 directors of the Corporation were reelected. They were Morse G. Dial, now President of the Corporation; Ralph R. Browning, Howard S. Bunn, George O. Curme, Jr., John W. Drye, Jr., William S. Gray, Kenneth H. Hannan, Paul P. Huffard, George H. Love, John P. McWilliams and Carrol M. Shanks.

WOTTA LIFE! This is R. T. "Pop" Faulkner, former rigger and iron worker in the Y-12 Buildings and Grounds Department who retired May 1, 1956. He is shown in a typical Florida pose at his present home, 5260 71st St., North, St. Petersburg, Fla., from where he sends best wishes to—no doubt—jealous Y-12 friends. He came to work for Y-12 on November 22, 1950.

APPEALING PICTURES of two attractive youngsters took top honors in the Y-12 Weekly Photographic Contest for the week ending August 29. Roy Monger, Alloy Shop, won first place with the snapshot of his young son, Jerry, munching on a slice of luscious watermelon. Edgar L. Beasley, Beta Two, took second place with the picture of his daughter, Juanita, two years old, posing as a bride in a wedding gown from a doll once bought for an older sister.

Fall Registration Near For UT Classes

Continued from Page 1
Program in Y-12 and will provide any desired information on the Program and its details. He can be reached at Bldg. 9704-2, plant phone 7751.

Benefits under the UCNC Educational Assistance Program consist of payment of 50 per cent of the cost of tuition, laboratory fees, supplies and books.

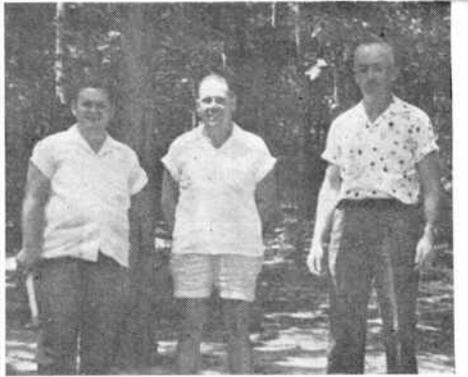

In previous years since the Program was inaugurated in 1956, interest has been high by Y-12ers wanting to improve their education and many have taken advantage of the Program benefits to achieve this end.

Application Deadline October 17
Pearson urges any qualified Y-12er wishing to take advantage of the Program benefits this fall to prepare now to file their applications. A deadline for applying for assistance for the fall quarter classes has been set for Friday, October 17.

Use extra effort to make night driving safer for everyone.

AN ENJOYABLE PICNIC WAS HELD recently by the Alloy Shop of the Mechanical Operations Division at Cumberland Mountain State Park near Crossville. At left A. R. Brown and H. E. Hamilton, Sr., warm up with a hot game of horseshoes. Chowhounds gather in the center picture with the D. R. Cook family at the left

is vacationing at Miami Beach—getting another tan to go with her blonde hair . . . Clyde Brewer is taking it easy around home for a week . . . So is Helen Sisson for two weeks . . . John Irving, accompanied by the missus, is spending a week in Florida with his son . . . Gordon Fielden is off for a few days visiting with his son who is on a few days' Army leave before rejoining his outfit in Italy. . . Mildred White week-ended in Nashville.

and Arkansas . . . H. L. Lemon welcomed his wife home with open arms after a short vacation—says that bachelor life is for the birds . . . R. A. Moore is taking it easy around home in Kingston. Alpha Five has C. C. Dinkins vacationing at home in Powell . . . E. M. Foster is doing likewise in Knoxville with some angling anticipated.

TECHNICAL

Allen H. True, of Electrical Engineering, and Mrs. True left last Friday for Cheyenne, Wyo., to visit their son, Airman Second Class Harold True, with the Air Force there. They are accompanied by Airman True's wife, who will remain in Wyoming while the Trues return by air . . . D. B. Allen, a lieutenant in the Tennessee National Guard, is back after a two-week period of summer training at Ft. Stewart, Ga. Mrs. Allen and daughter, Gerry Lynn, visited Mrs. Allen's sister in Reidsville, Ga., while the lieutenant was sashaying over the Georgia swamps.

Harold True

Special Projects is sorry to hear of the illness of Harvey Hankins' dad and wish him a speedy and lasting recovery . . . Returning vacationer Harold Williams avers he wasn't anywhere near that fishing boat that sank at Panama City, Fla., but pals declare was instigator of the recent "Operation El Ropero Fumeo-o-o." . . . Larry Rinderer has the disguised sympathy of everyone for all the aches and pains he's suffering because of the healing-art salutations from a related kin folk — (or medical greetings from Uncle Sam) . . . Round on both ends and high in the middle — that's Ohio where George McGown vacationed.

The Development Division is glad Bill Burns is back after a recent illness . . . The division welcomed several newcomers last week—Tony Caputo, Buck Lambdin and Larry Lasher with the SD Chemical Group; J. J. Asbury and Bill Harper with Fundamental Studies Section; John Pridgeon, Metallurgical Department; and H. F. Smith, W. W. Lee and F. H. Broome with Engineering Physics. . . The Metallurgical Development Group had Jim Turley and his family vacationing at his brother's home in North Carolina last week . . . H. D. Whitehead and his folks are over at Cumberland State Park this week . . . Morris Fortenbury and Zane Ardery are SD Chemical vacationers, both at home, and Frank DeRosa is working for Uncle Sam at Ft. Benning, Ga., for a couple of weeks . . . John Gregory, Fundamental Studies, is playing golf and Ted Sprague is up in Michigan.

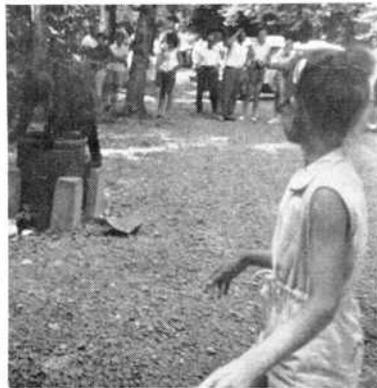

Gosh — it's a long time until Thanksgiving.

CHEMICAL

The Chemical Department is congratulating its newest Proud Pop—A. Gray, who became parent of a son August 18, named James Eddie and weighing 10 pounds, five ounces on arrival . . . B. I. V. Bailey was camping in the Smokies last week . . . This week Ellis Stonecipher is vacationing at home in Oliver Springs and D. E. Watson is doing likewise at Rockwood.

ALLOY

J. P. Seagle, Alpha Four, is back from a restful week at home in Oak Ridge . . . Joe Milligan and family went over to the Smokies. . . E. V. Kidwell stayed at home in Jacksboro . . . M. R. McKenzie rambled around Texas, Oklahoma

"FEEDING TIME In The Smokies" is this snapshot's title, showing B'r'er B'ar feasting at a garbage can to entertain quite an audience. The picture was made by S. R. Anderson, Process Foreman in the Sunflower Foundry, with his daughter, Regina, in the foreground poised for flight in case Bruin decides to move in her direction.

of the table facing the E. W. Forbes family. Departmental supervision is at right, from left being D. T. Cook, G. P. McGhee and E. W. Forbes. There was plenty of food, drinks and watermelon. Mrs. R. E. Jones was the bingo grand prize winner and G. P. McGhee's feat on the swimming pool slide were marvels to behold.
